

Table 2 (continued):

Action Code	Description
NT	New Toggle—Use this toggle to make messages "new" or "not new." <i>(Added with Patch XM*7.1*110; Available with all message readers.)</i>
O	Opposite Selection Toggle—Use this toggle to deselect previously selected messages and select previously unselected messages from a list of messages. This action code is only available when messages have been selected for subsequent group action. <i>(Not available with the Classic message reader.)</i>
Z	Zoom Selection Toggle—Use this toggle to zoom in and only display <i>selected</i> messages or zoom out and display <i>all</i> messages. This action code is only available when messages have been selected for subsequent group action. <i>(Not available with the Classic message reader.)</i>
=	Refresh Page—The equal sign ("=") tells MailMan to redisplay the basket message list page you were viewing ("refresh" the page/screen). <i>(Not available with the Classic message reader.)</i>
+	Next Page—The plus sign ("+") tells MailMan to go to the next page. This action code is only available when you have more than one "page" of messages when using the Detailed or Summary Full Screen message readers. <i>(Use the Enter/Return key with the Classic message reader.)</i>
+n	Page Forward " n " Pages—The plus sign ("+") before a number (" n ") tells MailMan to go forward " n " pages. This action code is only available when you have more than one "page" of messages when using the Detailed or Summary Full Screen message readers. <i>(Use the Enter/Return key with the Classic message reader.)</i>
-	Previous Page—The minus sign ("-") hyphen) tells MailMan to go to the previous page. This action code is only available when you have more than one "page" of messages. <i>(Not available with the Classic message reader.)</i>
